To Whom it May Concern

Mason O'Brien is a residential development company based in Sydney Australia. I have closely worked with Shane Brady in terms of his work on high end renovations and developments in the Parnell and Remuera suburbs.

I have done this both in my role at Kellands real estate and privately for clients. In all instances I have observed Superb Bathrooms to be committed to quality and exceeding the expectations of their clients.

Of particular note would be the renovation of 24 Ruskin Street, Parnell. The transformation of this 1920's home was truly impressive. Shane Brady demonstrated an appreciation and respect for this homes unique features, working with them to build an exceptionally attractive and contemporary spaces.

In that I have extensive experience in property development, I recognize the value of Shane Bradys particular approach to renovations. He is innovative in how he manages his team and I am totally impressed by how quickly and efficiently they complete projects.

Superb Bathrooms is a professional team with a genuine desire to produce quality work and beautiful spaces. For these reasons I am most happy to recommend Superb Bathrooms.

Please do not hesitate to contact me to discuss any aspect of this reference.

Kind regards
